HP recommends Windows 7.

Loaded, yet lightweight.

Powered by the latest Intel® Core™ processors, the Pavilion dm4 offers unbelievable performance in a thin, lightweight notebook. Carry everything you need in the spacious hard drive. With three USB ports (one shared with an e-SATA port), you'll be able to connect to all your peripherals. The built-in HP TrueVision webcam⁽¹⁵⁾ with integrated dual-array digital microphones lets you video chat even in low-light conditions. Built-in HP ProtectSmart Hard Drive Protection helps prevent data loss in the event of an accidental fall. And the integrated fingerprint reader provides a quick, easy and secure way to access your favorite websites with a single swipe.

Features you won't want to live without include a 14.0" diagonal high-definition HP BrightView LED display.⁽⁸⁾ When you want a larger view, the VGA port lets you connect to an external display and the HDMI port to an HD TV. With the built-in DVD+/-RW optical drive, you can enjoy movies on your PC when you're on the go or by connecting to a bigger screen at home.

- Enjoy smooth, lifelike graphics with integrated Intel® HD graphics.⁽⁶⁾⁽⁸⁾
- Intel® Core™ i5 processor⁽³⁾ with 4-way Multi-Task Processing makes it faster to work on multiple applications at the same time by allowing each core of your processor to work on two tasks simultaneously. When your PC needs extra performance, the new Intel® Turbo Boost Technology^(3b) automatically speeds up your processor.
- Intel® Wi-Fi ready to wirelessly stream your photos, videos and other PC content to an HD TV.^(3a)

Travel without baggage.

The Pavilion dm4 notebook is slim and light enough to turn any table, airplane tray, or park bench into an instant workspace or playground. Designed to deliver extended battery life through power-efficient components and HP Power Manager software, you can go where you want to without plugging in. And with integrated Wi-Fi,^(10b) you never have to feel out of touch.

Just your style.

A brushed aluminum finish etched with the stream design gives the ultra-thin dm4 a modern look you'll love -- and one that won't show fingerprints. The comfortable, responsive island-style keyboard makes it stand out -- along with the generously-sized, gesture-enabled HP Clickpad that integrates the left and right buttons for a cleaner aesthetic.

Enjoy PC content on your HD TV wirelessly

The dm4 features Intel® Wireless Display so you can sit back and experience your favorite videos, photos and music on your HD TV. Stop crowding around a laptop screen! Intel® Wi-Fi^(3a) lets you view content from your dm4's hard disk, your home network or anywhere a browser will take you on the biggest screen in your home. Connection is a snap: Simply connect a Netgear Push2TV Adapter to your TV's HDMI or composite A/V input, follow a few steps, then start sharing with a push of a button.
